

GOOD NEWS Seminar! New Natural OB/GYN Methods for Today's "Hybrid" Practices By Doctors-For Doctors!

Saturday, Jan 17, 2009

11:30 am to 4:30 pm (Optional Mass at 10:30)

For OB/GYNs, Family Drs, Nurses, & Surgeons and all interested in teaching or learning the technology.

Location: The Villa Maria Guadalupe Retreat Center, 159 Sky Meadow Dr., Stamford, CT, 06903

Presenting: the FertilityCare system which provides treatments for the full spectrum of women's health issues, to assist women and couples to maintain their fertility throughout all stages of their reproductive lives, and manage pregnancies. Doctors will discuss practices, techniques, verify benefits and share how their expanded practices increase patient satisfaction, loyalty, and referrals:

- All "Natural" method of female care – no side effects
- Low-cost system of fertility care – from monitoring to birth
- Validated 80-85% success rate for infertility cures (vs. 30-35% for IVF).
- High reliability pregnancy postponement (competitive 98.7-99.9% method effectiveness)*
- Nationally standardized charting-diagnostic tools
- Sophisticated techniques for early pre-cancer detection
- Integrated multi-discipline techniques quickly address "causes" & the "whole person"
